

“Technology allows us to do so much, but it also has helped to insulate us—especially children—through our devices. KidSTREAM will allow kids to get their hands dirty with play time in STEAM activities that bring together their creativity and practical application of the subjects they learn at school. Most importantly, it will expose youth who may not otherwise have the access to STREAM, which may spur a desire to pursue a career in those fields. “

**Devon Coleman, Chair of Events**  
**Parent, Nonprofit Leader, Advocate**

- Bachelor of Arts in public policy studies, minor in Spanish, Duke University
- Executive training in strategic communications with Spitfire Strategies
- Compliance Specialist at AGIA, Carpinteria
- Operations Director at Bedsole Farms, Alabama
- Advocate, Mobile, Alabama, Baykeeper, advocating for legislation after the Deepwater Horizon oil spill
- Board Member, Junior League of Mobile

Devon has extensive experience in nonprofits, specifically in fundraising. She has worked as a grant writer for several organizations, and has helped implement sustainable fundraising models as well. She's an essential asset to kidSTREAM's leadership team.
